Descriptive notes: Technical and aesthetical perfection of the whole "ZENITH" line continues in the "ZENITH" 586 staple-remover. In this new really “pocket-size” article too, you can find a careful choice of the best materials, an excellent finishing degree and a remarkable working precision, typical of all "ZENITH" products. It is available either in box or in blister packaging.

In addition: being made in hardened steel, it grants very high performances. "ZENITH" 586 easily removes both "ZENITH" ref. 515-112-130 staples and other staples of different standard.

Quality: to maintain high quality standard guaranteed by all "ZENITH" products, each staple-remover is tested piece by piece. ***Life-guarantee for manufacturing defects.***
